

U.S. SERIAL NO: 08/126,505
FILED: September 24, 1993
AMENDMENT

capable, when transformed into the [expression vector] host cell,
of expressing a DNA encoding the analog of claim 1.

Remarks

These amendments are made solely in response to the Examiner's objections to, and rejections of, the claims under 35 U.S.C. §112, and follow her suggestions. Entry would therefore remove issues on appeal, leaving only the rejections of the claims under 35 U.S.C. §103.

Respectfully submitted,

Patrea L. Pabst
